How to study with this guide

1 Watch one chapter of the video. For every word you hear the meaning, the Korean word twice, and a real example sentence.

2 Read the same chapter here. Say each word and its example sentence out loud.

3 Do the chapter review without looking back, then check the answers at the back.

4 Tick a box in the quick reference each time you can recall a word from its meaning.

> Romanization helps you start, but try to read the Hangul. Example sentences use natural polite speech (해요 style) unless they are clearly casual.

01 Use five new words in a message or out loud today.

02 Rewatch one chapter of the video before bed, without looking at the screen.

03 Come back to this checklist after a week and tick the words you still know.
